

## **TGR LEARNING LAB FALL 2 2017 MEMBER APPLICATION**

October 23 – December 14  
Application Deadline: **October 13, 2017**

Dear Prospective TGR Learning Lab Member,

This is your application to receive a scholarship to attend the TGR Learning Lab's seven-week Expanded Learning Program. There is a one-time \$5 fee for an identification card once accepted.

There are three steps in the application process. Please follow all directions and use the checklist below as you complete each step:

- Step 1: Select your course(s) and write a Personal Statement
- Step 2: Complete the Registration Form
- Step 3: Attach a copy of your most recent Report Card (quarter or semester)

Unfortunately, we do not have enough space to take every applicant. Therefore, it is very important that each section of this application be filled out neatly and completely. Incomplete applications will not be accepted. Please return the completed application to your school's designated location or mail to:

TGR Learning Lab  
One Tiger Woods Way  
Anaheim, CA 92801  
714.765.8000

Thank you. We hope to see you at the TGR Learning Lab.

### **TGR LEARNING LAB MEMBER BENEFITS**

#### **ACADEMIC SUPPORT**

TGR Learning Lab Members have an opportunity to receive academic support in a core subject as well as college preparation support from TGR Learning Lab staff.

#### Hours

Monday – Thursday  
2:30 – 6:00 p.m.

#### **GOLF PROGRAM**

The TGR Learning Lab grounds include a 10-acre driving range and 18-hole putting course. Members have access to the driving range and can purchase balls for \$1 per bucket.

#### Hours

Monday – Thursday  
2:30 – 6:00 p.m.

Friday  
2:30 – 4:00 p.m.

Saturday  
9:00 a.m. – 4:00 p.m.

## GRADES 7-12

Monday/Wednesday

### **Advanced Video Game Design**

Dive deeper into the Video Game Design world by learning new techniques related to the creation of your video game. Mix your creativity and imagination while developing a new set of skills to design the ultimate video game. Using Fusion 2.5, you can either update a game you have created, or you may build an entirely new game. \*

*\*Must complete Video Game Design prior to enrolling.*

### **Coding in Javascript**

How are computer programs created? Imagine creating software that calculates the vital information of a space rocket launch or simply to take specific orders at a popular restaurant. Learn about the history of computer science and how to code in the Javascript language using functions, loops, data structures and objects.

### **EV3 Robotics**

Ever wonder what it would be like to build and create your own robot? Well wonder no more! In this class you will have the opportunity to exercise your creative mind to design and build robots for different challenges. You will be able to participate in the dragster race, sumo challenge, maze competition and much more.

### **Golfology**

Ever wonder how the game of golf was created? What does the number on the bottom of a golf club mean? Have you ever made a golf ball fade? Get all your questions about golf answered while developing the skills necessary to play the game. Use all the clubs in your bag to learn putting, chipping, pitching, bunker play and the full-swing.

### **Power of Chemistry**

We are constantly surrounded by solids, liquids and gases that chemically react on earth, in our homes and in our bodies. Experiment with common chemicals to create something new, slimy and yummy. Come see, hear and taste the science of chemistry.

## GRADES 7-12

Tuesday/Thursday

### **Graphic Design**

Have you ever wondered how to make an old photograph look new again or create an awesome poster of you standing on the moon? This is the power of Adobe Photoshop. Through images, you will learn to manipulate the world around you. In this course, you will explore different theories and tools to create your own Photoshop design. At the end of the course, you will have a digital portfolio to take home and share with friends and family.

### **Green Energy Engineering**

Come and explore how solar power can heat food products and water. You will see how the properties of certain materials help to heat food and water much faster than the sun alone. Use the scientific method to design, observe and verify the results of your own heat experiments. The best part is you get to enjoy your own food experiments!

### **Performing Arts: Storytelling Through Drama**

From job interviews to presentations, the ability to capture the attention of an audience with a good story is an important skill to develop. Through drama activities, you'll learn valuable storytelling techniques that will mesmerize an audience and improve your public speaking skills.

### **Short Game Showdown**

Can you get the ball in the hole in the least amount of strokes? This class provides the fundamentals of the shots around the green to lower your scores. Learn to putt, chip, "splash" and swing through innovative games and competitions.

### **Universal Science**

Science is all around us. Discover physical and life sciences in a fun, interactive environment. Catch bugs, classify and dissect organisms, make your own ice cream, play with dry ice and get your hands dirty with silly putty. You'll never look at science the same way again.

# GRADE 11

Tuesday or Thursday

## College Bound

Why College? Is college approaching? If you are a junior in high school, college is most likely a word you are hearing often, so start your college success path here and learn what you need to get prepared for applying to the schools of your dreams. Learn how to fine-tune your academic resume, apply for financial aid and scholarships, write a personal statement and so much more to make the college application process fearless and stress free.

\*\*This class runs once a week for students in their junior year only!

## **Application**

At the TGR Learning Lab we are focused on opening your mind to potential careers and college majors available to you. We ask that by applying, you understand this is a seven-week commitment to yourself and your future. Your next step is to select the courses you would like to participate in. While we cannot accommodate all requests, we will do our best to place you in one of your top choices. After selecting your courses, **please write a personal statement below about why you would like to attend the TGR Learning Lab.** The Expanded Learning Program runs Monday - Thursday from 2:30 p.m. - 6:00 p.m. Courses begin at 4:00 p.m. and end at 6:00 p.m. Parents will need to pick up their child from the TGR Learning Lab no later than 6:00 p.m. **\*Please note that incomplete applications will not be accepted.**

**Please indicate your top 5 course selections: (place a 1 - 5 on the line)**

### Grades 7-12 Courses

#### **Monday/Wednesday**

- Advanced Video Game Design
- Coding with Javascript
- EV3 Robotics
- Golfology
- Power of Chemistry

### Grades 7-12 Courses

#### **Tuesday/Thursday**

- Graphic Design
- Green Energy Engineering
- Performing Arts
- Shortgame Showdown
- Universal Science

### Grade 11 Courses

#### **Tuesday**

- College Bound

#### **Thursday**

- College Bound

**Please write 4-6 sentences about why you would like to attend the TGR Learning Lab.**
